

Join us for coding in the holidays

Code Champions is hosting a three-day coding course during the Term 3 holidays. If your daughter or son is interested in programming, computers and gaming or they just want to try something different, we'd love to see them.

Dates: Monday 1st to Wednesday 3rd October, 2018

Venue: Churchill Park School, Glendowie.

Each day participants will tackle a coding project, including designing and coding a game, and programming a 3D adventure map in Minecraft. Classes are for students across Years 4 to 8 and cover varying levels of coding skill and experience.
